U.S.A.T. LOGAN HERE

TRANSPORT COMES FROM PHILIPPINES

BRIGADIER GENERALS MCASKEY AND ROBINSON ON BOARD. VESSEL TO DISCHARGE COAL.

The U. S. army transport Logan, Captain Simpson, arrived in port at 10 o'clock this morning from Manila via Nagasaki. The Logan left Manila on April 15, had a good trip to Nagasaki, which she left on the 25th, and a fairly good trip across to this port. Part of the way the transport encountered rough weather, which delayed her nearly a day.

The Logan carries a small passenger list. She has on board the first and third squadrons of the Thirtieth Cavalry, consisting of 365 enlisted men. Colonel Charles A. P. Blinfield is commanding officer of the cavalry.

Brigadier General William S. McCaskey is a passenger from the Philippines to the States. He has been in command of the First Brigade of the United States army at Manila. Now he is going to Denver to command the Department of Colorado.

General McCaskey is accompanied by his family. He went to the Philippines two years ago as colonel of the Tenth Infantry.

General F. N. Robinson is on his way to California. General Robinson was formerly Lieutenant Colonel of the Thirtieth Cavalry, was recently promoted to a major generalship, and is now retiring on age limit.

Besides the officers and men of the Thirtieth Cavalry there are few soldiers or civilians on the Logan. Among the cavalry officers returning with their regiment are Major T. W. Jones, Major F. L. Dadds, accompanied by his family, and the following captains: Capt. P. D. Lochridge, Capt. G. H. Preston, Capt. E. D. Anderson, Capt. T. M. Corcoran, Capt. E. L. Phillips, Capt. Robert C. Williams, Capt. C. H. Sweezy, Capt. W. M. Whitman, Capt. W. C. Babcock, Capt. B. B. Hyer, Capt. E. B. Cassatt, Capt. Hugh D. Berkeley, Capt. Kenneth Morton, Capt. Henry C. Bonycastle, and Capt. Campbell E. Babcock. There are twenty-two lieutenants on board, making a large list of officers. Most of these are accompanied by their families.

Miss Gretta Mueser, of the Army Nurse Corps, is en route home after several years in the Philippines. The Logan altogether carries 365 enlisted men of the Thirtieth Cavalry, 171 casuals, 40 sick, enlisted men and civilians, 44 enlisted men of the U. S. Navy and Marine Corps, 116 discharged soldiers, 50 civilians and 11 general prisoners.

As the Logan has five or six hundred tons of coal to discharge here she will not get away before Monday. Her sailing date has not been definitely fixed; she may be here till Wednesday morning.

The passenger list includes the following:

COELHO SAYS CARTER GOES OFF THE HANDLE AND TALKS LIKE A CHILD

The Governor is like a child who flies off the handle before he knows what he is talking about," said Rep. Coelho this morning, speaking of the Governor's remarks on the Representative's amendment to the general departmental appropriations bill, providing that in the event of there not being sufficient funds to meet the appropriations the items in the bill be given their pro rata.

"The Governor pokes fun at my amendment," continued the Maui legislator, "and undertakes to suggest that disposing of the items pro rata would mean starting work and leaving it incomplete. He says, for example, that if \$10,000 are appropriated for ten school houses at \$1000 each and only \$5000, half the appropriation, are available, ten half school houses would have to be built. Ten ten thousand school houses would be contracted for and left half finished. This interpretation is silly, without sense, and does not conform to the usual practice in such cases. When funds do not come up to appropriations the items are necessarily made to fit the funds available. Rep. Harris saw the point and understood the amendment quick enough. If there is not money enough for a \$1000 schoolhouse the public works can call for bids on a \$500 or \$600 building, just as we have been doing right along."

PROSSER CONDUCTS OF RAPID TRANSIT

The Senate resolution ordering the Attorney General to investigate the affairs of the Rapid Transit Co. to ascertain if the corporation was really evading the payment of taxes to the Government by a fraudulent manipulation of its stocks, has started the investigation desired. Deputy Attorney General Prosser, who has the matter in hand, stated this morning that he had been working on the matter for the last few days.

Prosser said that he had gathered all the necessary data in the matter and had several interviews with the Rapid Transit people on the subject. The Rapid Transit men had admitted to him that they had watered the company's stocks, but claimed that they were perfectly able to do so under the law. Prosser is still working on the matter and is unable to predict what course he will take in the case.

SEVERAL BILLS NEED FINANCIAL SUPPORT

While the Legislature is working away at the appropriation bills there seems to be some danger that it will not provide several appropriations which were rendered necessary by bills passed in the regular session. Thus the bill providing for the display of the United States flag is useless unless it is accompanied by an appropriation for the purchase of flags. The bill providing for bonds of public officials is likewise rendered inoperative unless it is accompanied by an appropriation, and the same is the case with the Immigration Board bill, which provides that appropriation shall be made for a fund. Furthermore, the bill providing for the preservation of the archives will hardly be worth much unless an appropriation is made to pay the expense of tabulating and filing the documents.

Judge Robinson this forenoon assigned all the even numbered cases on the civil calendar and such odd numbered cases as Judge Lindsay has assigned to him to Judge De Bolt, as First Judge.
